

Project Profile

Stockbridge House Fit Out | Newcastle

Client	The Maersk Company
Client Sector	Commercial
Project Value	£1m
Services Provided	Quantity Surveying
Project Size	
Architect	
Contractors	

Rider Levett Bucknall acted as Quantity Surveyor on the fit out of the Maersk Company's new shipping office in Newcastle upon Tyne.

This £1m fit out consisted of board rooms and meeting rooms; café and kitchen; specialist training rooms, IT, AV and furniture. The works were negotiated to achieve a fast track pre-construction period.

The fit-out commenced during June 2006 with completion in November 2006.

Client benefits:

- Fast track project; contract sum negotiated with contractor to achieve target start on site date
- Extensive value engineering; quality maintained whilst budget achieved
- Total cost control including furniture, IT and AV packages
