

Project Profile

Commonwealth Games Village | Melbourne, Australia

| | |
|--------------------------|--|
| Client | Victorian State Government |
| Client Sector | Public & Civic |
| Project Cost | \$30 million |
| Services Provided | Cost Planning |
| Project Size | 9500 m ² – 82 Residential Units |
| Architect | Billard Leece Partnership / SJB Architects |
| Head Contractor | Village Park Consortium (Australand/Citta Group Joint Venture) |

Overview

The Games Village is located on the old Royal Park Hospital site in Parkville, approximately 4 km from Melbourne's CBD.

The development consists of detached housing, apartments, redevelopment of heritage listed buildings, (and ultimately an aged care facility and parklands - not included in the above costs as construction to commence after the completion of the Commonwealth Games).

Our role

Cost Planning for the townhouses & apartments and redevelopment of the heritage buildings.
