Overview

120 Collins Street is a 52-level office complex with a reconstituted granite facade. The building includes a 307 space, 3 level basement carpark, retail space, church hall, and a library. The building won the commercial section of the 1992 RAIA Architecture Awards, the 1993 Victorian BOMA award, and the 1993 National BOMA award (jointly). Grocon won a 1994 MBAV Excellence in Construction award.

Our role

Full pre contract and post contract services were provided.
